Objective

Full-Stack Developer specializing in the MERN Stack and secure system design. Experienced in building scalable web applications with Role-Based Access Control (RBAC) and REST APIs. Combines strong Java and Python programming skills with a background in ethical hacking to deliver secure, high-performance software solutions

Education

B.Tech Computer Science & Engineering — **Expected: 2026**
B.P.Poddar Institute of Management and Technology, Kolkata — *CGPA: 7.12/10*

Class XII (WBCHSE) — **Completed: 2022**
Kashiram Das Institution, Katwa — *Percentage: 86.80%*

Skills

Languages: Java, JavaScript, Python, SQL, HTML, CSS
Frameworks & Libraries: MERN Stack (MongoDB, Express, React, Node), Tailwind CSS
Tools & Technologies: Git, GitHub, Linux
Security Tools & Frameworks: Wireshark, BurpSuite, Nmap, Metasploit
Areas of Interest: Web Development , Cyber Security
Soft Skills: Problem-Solving, Self-Learning, Adaptability, Teamwork

Experience

Cyber Security Intern | ***View Certificate*** — **May 2025 – Aug 2025**
InLighn Tech (Remote) — *Python, sockets, threading, cryptography*

- Developed Python-based security tools for penetration testing and vulnerability assessment using sockets, threading, and cryptography.
- Performed ethical hacking simulations, network security testing, and secure file transfer implementations.
- Applied secure coding, logging, and access control to ensure safe and compliant security testing.

Projects

- **AI Blog Generator App** | *Github*
  Built a secure MERN stack web application with authentication, role-based access control, REST APIs, and MongoDB for AI-powered blog publishing.

- **Hash Cracker (Python)** | *Github*
  Developed a penetration testing tool supporting MD5, SHA-1, SHA-256, and SHA-3 with multiprocessing and distributed workers for password security assessment.

- **Hospital Health Management (Frontend)** | *Github*
  Designed a role-based hospital management frontend with input validation, access control, and appointment scheduling.

Achievements & Certifications

- **Certifications** | View Certificates
  - Oracle Certified Foundations Associate (OCI 2025)
  - Completed Certified Ethical Hacking (CEH) course — practical training in penetration testing and defensive techniques.
  - Cisco Certified Network Associate (CCNA) — fundamentals of networking, routing, and switching.
  - Cybersecurity (CC) course ISC2 - 2025

Languages & Interests

Fluent: English, Hindi, Bengali | **Interests:** Cricket, Music
